

Form 1095 Availability Notice

Warren County provides a Form 1095 to individuals who were eligible for the County's health insurance coverage during the prior calendar year. Form 1095 includes information about your health coverage for each month of the year. The IRS permits employers to make these forms available upon request.

If you would like to request a copy of your Form 1095, please contact the Warren County Benefits Office by email at kmiller@warrencountypa.gov or by phone at 814-728-3491. Please include your full name with current mailing address and your Form 1095 will be mailed within 30 days of receiving your request.

Please note that the Form 1095 is not required to file your federal income tax return. However, you may request the form if you wish to retain it for your records.
